

Covid-19 Self Declaration

England Hockey has recently moved to Step 4 of its Return to Play Roadmap. Before participating in any session under the new guidelines, participants are required to self-assess for Covid symptoms and make a couple of declarations.

On arrival each participant (or parent for junior members) must:

1. Scan the QR code below on their phone (simply turn on your phone camera and aim at the QR code).
2. Complete the short form which includes the self-assessment and declarations.
