

London Wayfarers Hockey Club

Risk Assessment for Hockey Sessions (Camps & Clinic)

Venue: King's House Sports Ground

Completed by (name): Mark Atherton

Date: 05 / 06 / 2023

Review Date: August 2023

(Signature)

Playing Area/Training Area

Check that the area and surroundings are safe and free from obstacles, check floor, roof leaks, lighting, heating, security and welfare.

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Weather – inclement weather	Med	Players, coaches, umpires, managers	<p>Pitches to be inspected prior to use. Grounds staff and/or lead coach(es) to ensure that the pitch is playable, not frozen and that players are kept safe in the event of a storm (moving indoors if required). Coaches to end sessions early if necessary, follow the above steps and communicate to parents of players where required.</p> <p>Refer to club guidance document:</p> <p><i>Inclement Weather, Potential Fixture Postponements & Cancellation of Training</i></p>	Grounds staff and/or Camp Director / Lead Coach		Low
Playing surface (pitch)	Med	Players, coaches, umpires, managers	Venue responsible for ensuring that the surface is maintained and fit for purpose.	Coaches	Grounds staff	Low
Perimeter fencing	High	Spectators	Check that there are no damaged or missing panels in the fencing around the pitch. Note any damaged or missing areas with the facility management.	Coaches	Grounds staff	Low
Additional pitch furniture (i.e. spare hockey goals, football goals, netball posts, etc)	Med	Players and umpires	Ensure that any equipment/pitch furniture, not being used for the training session/game, is moved back to the perimeter fencing and/or pitch recess to maximise the amount of run-off area.	Coaches	Grounds staff	Low

Playing Area/Training Area continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Spectators	Med	Spectators	Only people actively involved in the training session/match to be allowed onto the pitch. Spectators are permitted to watch inside of the perimeter fencing, but must remain on the tarmac area, outside of the pitch fencing. Young spectators to be supervised at all times.	Appropriate adults to monitor and enforce (e.g. coaches)		Low
Hockey balls being used whilst unsupervised	High	Players and coaches	Coaches, umpires, managers and Group Captains to monitor and enforce. Includes anyone not actively in the session, who should remain outside of the perimeter fencing at all times. If coaches are late to the session, players should not use any equipment until they arrive and young players must be supervised by at least two appropriate adults until the coach has arrived. <i>Refer to England Hockey's Planning Safe Hockey document.</i>	Coaches Appropriate adults		Low Low
Hockey balls travelling into other areas of the pitch	High	Players, coaches, umpires, managers	Coach education (including undertaking England Hockey's <i>Safe Hockey</i> online module). Session planning to factor this in. Pitch net and/or tubing can be used to prevent balls from being played into other areas of the pitch. <i>Refer to England Hockey's Planning Safe Hockey document.</i>	Coaches		Low
Spacing	Med	Players	Ensure that there is sufficient space for each of the planned activities, including appropriate space between activities (e.g. mini games to have a 'buffer' zone between each pitch), taking into consideration loose balls, rebounds/goalkeeper clearances and the direction in which players are working.	Coaches		Low

Playing Area/Training Area continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Floodlights	High	Anyone on the pitch / at the facility	Nobody to access the pitch until the floodlights have been turned on. In the event of floodlight failure, the session/game should immediately be stopped and only resumed if the lights are turned back on.	Camp Director / Lead Coach	Groundsman, Facility Manager	Low
	Med	Players, coaches, umpires	If any of the floodlights and/or bulbs are not working, coaches to determine whether it is safe for the session/game to go ahead (consideration to be given to the amount of natural light). If necessary/safe, training to be restricted to areas of the pitch that are fully lit. Issue to be communicated to the on-duty manager. Contact numbers for facilities team can be found below.	Camp Director / Lead Coach		Low
Pitch net	Med	Players	The pitch net should be moved to the outer perimeter of the pitch when not in use.	Coaches		Low
Holes in pitch netting	Med	Players, coaches, umpires, team managers	If used, check to ensure there are no holes in the netting. Report any damage to the facility management.	Coaches	Grounds staff	Low

Club House

Check that indoor areas and surroundings are safe and free from obstacles, check floor, roof leaks, lighting, heating, security and welfare.

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Use of changing facilities and/or toilets	Med	Players	<p>Toilets and shower facilities are shared with other users. Club members and guests to be respectful of other groups using the facilities.</p> <p>Changing rooms are assigned to each of the user groups. Players and teams should only use the changing rooms that have been allocated to London Wayfarers HC (these are listed on the board outside the changing block) and leave them in the same state they were found in.</p> <p>Personal possessions should not be left in the changing rooms to prevent against theft.</p> <p>Only designated areas of the facility to be used (e.g. no access to the tennis centre, kitchen, etc under any circumstances).</p> <p>Refer to the following England Hockey guidance:</p> <p><i>Good Practice - Supervision Communication Social Media & Changing Rooms – 2019</i></p> <p>N.B. The club policy also stipulates that team talks should be held in open, public spaces wherever possible, in the presence of two appropriate/DBS-checked adults. Only in the event of adverse weather should changing rooms be used for team briefings (again in the presence of two appropriate, DBS-checked adults, at least one being the same gender as the players).</p>	Appropriate adults	Facility manager, groundsman	Low
Emergency exits to be kept clear	High	Anyone accessing the club house	Notices by exits. On-duty staff to monitor.		Facility manager, groundsman	Low

Club House continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Slippery floors, poor lighting	Med	Anyone using the changing room/toilets	Cleaning staff to conduct regular checks to ensure the facility is safe to use. Any issues to be reported to the Facility Manager.		Cleaning staff, duty manager	Low
Loss or theft of property from communal areas	Med	Property	Personal possessions (including valuables) should be taken from the changing rooms after use.	Players, coaches		Low
Personal property creating trip hazards in communal areas	Med	Anyone using the communal areas	Kit and stick bags, and GK kit bags should be stored safely (i.e. they should not obstruct doorways, walkways, corridors, bar areas, access to the catering serving area, etc).	Players, coaches		Low
Obstruction to the stairway	Med	Anyone using the stairway	Kit stored at the bottom of the stairwells should not encroach upon access to the stairs.	Players, coaches		Low
Fire exits left open	High	Anyone accessing the clubhouse	Fire doors to remain closed at all times.	Anyone accessing the clubhouse		Low

Site Access & Parking

Ensure that all visitors to the site have the required access codes and park in the designated areas.

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Accessing/leaving the facility when it is dark	Med	Anyone visiting the facility	Visitors to the site (players, coaches, etc) travelling via train will need to access the site using the footpath behind the end of the pitch. Whilst the footpath is lit at night/when dark, it is out of view. Users should travel with at least one other person if they are using the footpath.	Anyone visiting the facility		Low
Pitch access	Med	Players, coaches, umpires, spectators	The main access to the pitch is via the car park. Users to apply caution when walking through the car park and to watch for vehicles reversing. If the gate at the end of the car park is locked, users will have to use an alternate route for access, through the bar area or changing rooms, and along the back of the clubhouse.	Anyone using the site		Low
Parking	Low	Drivers	On-site parking is available. Club members and visitors should park close to the pitch where possible.	Drivers		Low
Pitch access and use of the car park (when filming crews are on site)	Med	Anyone using the site	From time-to-time film crews use the car park. Additional care should be taken when walking around the film trucks and other vehicles, tents, catering areas, etc. Site security may direct drivers to other parts of the car park and will marshal the film crew area(s).	Anyone using the site	Site security, Facility Manager	Low
Emergency access	High	Anyone using the site	Emergency access areas must be kept clear (in particular, vehicles must not obstruct access at any time).	Anyone using the site	Groundsman, Facility Manager	Low
Speed of vehicles	High	Anyone using the site	Drivers to adhere to the on-site speed limits (shown on signs around the site).	Anyone using the site		Low

Site Access & Parking continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Bike storage	Med	Anyone using the site	There are a number of bike storage areas around the site, including one adjacent to the entrance to the pitch. Cyclists should use these racks. Bikes are not permitted to be taken on to the pitch.	Cyclists		Low

Equipment

Check that it is fit and sound for activity and suitable for age group/ability, check there is no equipment left from other activities or obstructions left in the sporting area.

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Goals	Med	Players and coaches	Goals must be inspected before use to ensure that they are fit for purpose. This includes checking goal nets for any holes (must be repaired before use), bolts and backboards. If any issues cannot be easily rectified on site (or if they require the attention of facilities staff), alternate goals must be used (or cones if no other suitable goals are available). Any damage to goals or concerns must be reported to the Facility Manager.	Coaches Camp Director / Lead Coach	Grounds staff	Low
Goals (handling)	Med	Players, coaches and umpires	Minimum of two people required to move goals (to ensure their safety and also to protect against damage to the goal). Appropriate adults and/or young adults (under the supervision of an adult) to move the goals. Younger players should not be asked/attempt to move the goals.	Coaches and/or appropriate adults		Low
Goals (spare)	Med	Players, coaches and umpires	Spare hockey goals should be moved to the outer perimeter of the pitch or pitch recess areas, and secured.	Coaches and/or appropriate adults		Low
Other pitch furniture	Med	Players, coaches and umpires	Other pitch furniture, such as mini hockey goals, football goals, lacrosse goals and netball posts, should be moved to the perimeter fence and ideally stored in the pitch recess area.	Coaches		Low
Tables and chairs	Med	Players, umpires	If tables and chairs are required for the session (e.g. either for registration, for match officials and/or carded players), these should be set as far back from the sidelines as possible, to allow sufficient run off for players and umpires. They must also be returned to the storage container and stored in a safe and secure manner.	Coaches		Low

Equipment continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Pitch divider tubing	Med	Players, coaches and umpires	Pitch divider tubing should be moved to the outer perimeter of the pitch when not in use. Check for damage before using in the session and return to the outside of the pitch after use.	Coaches	Grounds staff	Low
Dugouts	Med	Anyone using the dugout	Dugout to be inspected before use. If damaged, the dugouts should not be used (this should be communicated to everyone at the facility, including spectators, signs attached to the dugout and where possible, the area to be secured or taped/coned off). Any damage to goals or concerns must be reported to the Facility Manager.	Coaches Camp Director / Lead Coach	Grounds staff	Low
Bibs, balls, cones, throw down markers, etc	Med	Players, coaches, umpires and team managers	Only equipment brought to the facility by the coach and/or organiser, or kept in the storage container, to be used (i.e. players must not use their own equipment before the session/match begins), Coaches to ensure that all equipment is fit for purpose and is used appropriately.	Coaches		Low
Storage	Med	Anyone accessing the pitch	All equipment to be stored in a safe and secure manner when not in use.	Coaches		Low

Equipment continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Storage container	Med	Coaches and other authorized club personnel	<p>A large storage container is located next to the pitch and can be used to store club equipment.</p> <p>All equipment should be stored in a safe and secure manner, and the door closed and locked after use (N.B. under no circumstances should the door be left open, including during a session). Chairs and tables to be stacked neatly, such that they will not fall. Wherever possible, equipment to be stored off of the floor and no items to be left in the walkway down the middle of the container.</p> <p>Users should check the floor for slippery surfaces and use a torch where necessary.</p> <p>Storage units inside of the container with locks, should be secured/locked after use and the container must also be locked at all times.</p>	Coaches and other authorized club personnel		Low
Video camera not secured during use	High	Players, coaches, umpires, officials, team managers	<p>The club video camera (Veo Cam) and tripod are often used to film games at this site. Coaches to ensure that the screws for the extendable tripod mast are tightened, that the tripod legs are set evenly (i.e. so that it does not tip in any direction), and the safety ropes used to fasten the tripod to the perimeter fencing. The camera unit also needs to be securely fixed using the clip at the top of the tripod.</p>	Camp Director / Lead Coach		Low

Participants

Check that the attendance register is up to date with medical information and contact details. Check that performers are appropriately attired for the activity.

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Coaching ratios	Med	Players	In accordance with England Hockey guidance, ratios of coaches/volunteers to players should be as follows: 1:8 5+ (with a minimum of two adults) 1:12. 12+ with a minimum of two adults) 1:16. Adults and 15+	Camp Director / Lead Coach / Coach Coordinator	Welfare Officer	Low
Clothing and footwear	Med	Players and umpires	Players to be appropriately attired for all sessions/matches, taking into consideration the temperature and weather conditions. Players should have appropriate footwear (N.B. bladed or studded footwear is not permitted).	Coaches		Low
Safety equipment	High	Players	Players are expected to wear shin pads and mouthguards to all sessions and matches (mandatory for junior players). Left-hand gloves are recommended for players from age 10 upwards but are not mandatory.	Coaches		Low
Jewellery and watches	Med	Players	Coaches/team managers to ask players to remove all jewellery prior to the start of the session/match. Jewellery that cannot be removed for religious reasons must be covered and made secure before the player can participate.	Coaches		Low
Goalkeeper equipment	High	Goalkeepers	In order to participate goalkeepers must have pads and kickers, gloves, body armour, full helmet and throat guards, and an abdominal guard. Kit to be inspected before use (e.g. straps, checking that the helmet is fit for purpose, etc).	Coaches	GKA, Welfare Officer	Low

Participants continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Location of 'resting' players and substitutes	High	Players	Coaches to ensure that 'resting' players wait in areas clear from risk (i.e. away from goals), are supervised and have an unobstructed view of the activity.	Coaches		Low
Medication (e.g. inhalers, EpiPens, etc)	High	Players, coaches and umpires	Participants carrying medication (e.g. EpiPens, inhalers, etc) should make the lead coach/or and first aider aware, and location of medication throughout the session to be agreed.	Camp Director / Lead Coach and first aiders		Low
Emergency contact numbers available	Low	Players, coaches and umpires	The Camp Director and/or lead coaches, and LWHC Bookings to have access to emergency contact details via Cvent (the Coach Coordinator, Director of Hockey and club Welfare Officers also have access). Parents/guardians (juniors) and/or players (adults) to update as required on the annual membership renewal form.	Parents (juniors)	Welfare Officer	Low
Medical records available	High	Players, coaches and umpires	The Camp Director and/or lead coaches, and LWHC Bookings to have access to medical information via Teamo (the Coach Coordinator, Director of Hockey and club Welfare Officers also have access). Parents/guardians (juniors) and/or players (adults) to update as required on the annual membership renewal form.	Parents (juniors)	Welfare Officer	Low
Drop off policy (juniors)	High	Junior players	Junior players should be dropped off at the pitch entrance and only be released into the care of club officials (e.g. DBS-checked coaches and/or Group Captains/team managers) once they have been registered.	Camp Director or Lead Coach		Low
Registers getting wet in the rain	Med	n/a	Paper registers will be provided by the club's Coach Coordinator, the Director of Hockey or LWHC Bookings for session registration. Waterproof folder to be used for all paper attendance registers.	Camp Director or Lead Coach	Welfare Officer	Low

Safety & Safeguarding

Ensure that relevant policies are updated and accessible, that general welfare is taken into consideration and that appropriate action can be taken in the event of an emergency.

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Collection policy (juniors)	High	Junior players	Junior players should be collected directly from the pitch and must sign-out with club officials (e.g. DBS-checked coaches and/or Group Captains/team managers) before they leave.	Camp Director / Lead Coach / LWHC Bookings		Low
Late collection policy (juniors)	High	Junior players	<p>The club will provide the parents/carers with a contact number which may be used if the parent/carer will be late to collect their child/children.</p> <p>Refer to the following England Hockey guidance:</p> <p><i>Good Practice - Supervision Communication Social Media & Changing Rooms - 2019</i></p>	Camp Director / Lead Coach / LWHC Bookings		Low
Emergency and evacuation procedures	High	Anyone using the facility	All club procedures are outlined in the club's <i>Emergency and First Aid Policy</i> . All incidents/accidents/injuries to be reported using the Accident Report Form provided. Coaches made aware as part of their induction.	Welfare Officer, Director of Hockey, Coach Coordinator		Low
	High	Anyone involved in the activity	<p>Lead coaches and any other club officials involved in the running of the activity must be made aware of the emergency and evacuation procedures for the site/facility (including emergency access and assembly points).</p> <p>The assembly point in the event of a major incident is the main car park.</p> <p>The school are currently updating their evacuation procedures and Protect Duty policy and will share with the club once finalised.</p>	Club Fixtures & Facilities Officer, Welfare Officer	<p>Facility Manager</p> <p>Facility Manager</p>	Low

Safety & Safeguarding continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Telephone access	High	Anyone using the facility	Lead coaches must have a charged mobile phone with them at all times. In the event of an emergency (or if a mobile phone becomes unavailable – e.g. due to loss of battery), phone access is also available in the club house, which is open throughout the booking.	Camp Director / Lead Coach	Clubhouse Manager	Low
General welfare	Med	Anyone involved in the activity	Those travelling home by train will have to use the footpath behind the goal to get to the station. When allocating pitch slots, consideration should be given to which groups are scheduled to use the facility and at what times (factoring in time of day, darkness, etc). Members should not leave the facility alone, but should travel in groups of at least two. Children must be supervised at all times when leaving the facility.	Camp Director / Lead Coach	Welfare Officer	Low
Child welfare	Med	Junior players	All people working with children must be DBS checked, have the appropriate safeguarding training and, where required, coaching qualification(s).	Coach Coordinator, Director of Hockey	Welfare Officer	Low
Dehydration	Med	Players	Coaches to ensure that appropriate rest periods and hydration breaks are built into planning (and review throughout the session as required).	Coaches		Low

Safety & Safeguarding continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Unauthorised taking of photos/videos	Med	Junior players	<p>All members to complete basic consent when they register at the start of each season. All juniors complete additional photo consent.</p> <p>Membership Administrator/Welfare Officer to regularly share lists with appropriate club officials, of children for whom consent has not been granted.</p> <p>Anyone taking photos/videos at training and/or fixtures should register with the organiser beforehand.</p> <p>Players and volunteers should be made aware if photos/videos are being taken at a session/game.</p> <p>Photographers should be clearly visible at all times (e.g. wearing a high visibility jacket).</p> <p>Refer to the following England Hockey guidance:</p> <p><i>SafeGuard - Good Practice Guide – Updated March 2022</i></p>	Camp Director / Lead Coach	Welfare Officer	Low

Medical & First Aid

Ensure that relevant policies are updated, that fully stocked first aid kits are accessible at all sessions and appropriate adults available to administer basic treatment and that the location of the nearest defibrillator is known.

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Absence of qualified first aider(s)	High	Anyone involved in the activity	All sessions/matches must have a minimum of one qualified first aider (with valid/updated certificate).	Camp Director / Lead Coach / Director of Hockey / Coach Coordinator	Welfare Officer	Low
First aid kit insufficiently stocked	High	Anyone involved in the activity	Club official responsible for the first aid kit to liaise with the club welfare officer(s) if items are used and the kit needs replenishing. Note: All incidents/accidents must be reported using the Accident Report Form. Refer to the following for further information: <i>London Wayfarers HC – Emergency & First Aid Policy</i>	Camp Director / Lead Coach / first aider(s)	Welfare Officer	Low
First aid kit accessible and in clear view	High	Anyone involved in the activity	First aid kit must be taken to all sessions/fixtures, be accessible (i.e. not in a locked container) and in clear view throughout the session. First aiders should be made aware of the location of the first aid kit. Additional first aid supplies are kept in the main office.	Camp Director / Lead Coach / first aider(s)	Facility Manager	Low
Defibrillator access	High	Anyone using the facility	There is a defibrillator on site, which can be located between the two bars on the ground floor (ordinarily next to the first aid cabinet). It is moved to inside the men's changing block when the clubhouse is closed and kept to the left-hand side as you enter from the car park. A key is required to open the box (which is attached to the box at all times).		Facility Manager	Low

Medical & First Aid continued

Description of Hazard	Evaluation of risk (high/med/low)	Who might be harmed?	Action(s) to minimise risk	Action by	Person to advise if risk is outside of own competence to assess	Re-evaluation of risk (high/med/low)
Inaccurate information on first aid policies and/or risk assessments	Med	Anyone using the facility	Ensure that the club's <i>Emergency & First Policy</i> is updated, with the correct information regarding the nearest hospitals and defibrillator location(s).		Welfare Officer	Low
Insufficient ice available	Med	Players	Additional ice is available from the bar if required.	Coaches, first aiders		Low

Location

Address	King's House Sports Ground, Riverside Dr, Chiswick, London, W4 2SH
What3Words Location *	Spare.Tent.Lift

** Street addresses and postcodes are often not accurate enough to specify precise locations, such as sports pitch entrances, and don't exist for parks and many rural areas. This makes it hard to find places and prevents people from describing exactly where help is needed in an emergency. What3Words provides unique, three-word combinations pinpointing every 3m square on earth and may save the emergency services valuable time in locating the pitch entrance and/or any casualty/injured person.*

Accident & Emergency Department

The nearest Accident & Emergency Departments to each of the sites used by London Wayfarers HC are listed below with contact details. The numbers entered into the grid below the sites denote the distance in miles from the site to the hospital in question.

Nearest Hospital	Bank of England Sports Ground	Battersea Park	Crystal Palace	Dulwich College	Kennington Park	King' s House Sports Ground	La Retraite	Newton Prep	Streatham & Clapham High School	St Francis Xavier 6 th Form College	Wimbledon High School	Address	Contact Number

Activity Lead Checklist

This checklist is intended purely as a guide for those leading sessions and/or responsible for training, fixtures and the welfare of players in their care. It is by no means exhaustive and space is provided below to add additional items/checks to meet the needs of the session, site and all those accessing the site/actively involved in the session/fixture.

Venue:

Completed by (name):

Date:

Activity Date:

(Signature)

Item	Yes / No
First aid kit fully stocked	
Mobile phone charged	
Registers produced for the session	
Access code known	
Facility safe to access and emergency routes clear/safe to use	
Playing surface is fit for purpose (check for damage, flooding, ice, etc)	
Floodlights in full working order	
Equipment checked and safe to use	
Pitch equipment/furniture moved to appropriate areas of the facility	
Players registered before entering the pitch	
Players aware of policy for going to the toilets	
Lead coach present and on the pitch before equipment is used (e.g balls)	
First aid kit and player medication accessible and in view	

Item	Yes / No
GK equipment fit for purpose	
Players wearing personal protective equipment (mouthguard, shinpads)	
Players appropriately attired for the session	
All jewellery and watches removed (or secured and covered)	
No spectators on the field (only people actively involved in the session)	
Consideration given to the location of resting players and substitutes	
Appropriate rest periods and hydration breaks provided	
Authorised photographers only and players/volunteers made aware	
Junior players collected directly from the pitch facility	
Appropriate action taken if parents are late to collect	
Any issues with the site, facility and/or equipment reported	
Any welfare concerns and/or accidents reported	
Equipment stored in a safe and secure manner
